---

## PROJECTS

### Pandemic - Group Project [Heroku](#)

August 2019

Online version of the popular board game Pandemic

- Created a React component that rendered a map and canvas, in order for users to have a visual experience while playing the game.
- Pair programmed to create the logic necessary for turn functionality with JavaScript.
- Tech Stack: React, Firebase

### Binge App - Solo Project [github](#)

August 2019

Mobile App that utilizes crowdsourcing to see where television shows and movies are streaming

- Built a React Native mobile application, that contained several screens and components, allowing users to see what entertainment was available and where.
- Stored data entered by users into a Firestore database, ensuring the same data could be read in different areas of the application
- Tech Stack: React Native, Firestore

### Grace Shopper Project- Helios Wands App - Group Project [Heroku](#)

August 2019

Ecommerce website for buying magical Harry Potter wands

- Constructed a PostgreSQL database, through pair programming, to contain relationships between the cart, products, and orders, and used Sequelize to query for the data
- Designed and built a single product React page that held the products, and product information.
- Tech Stack: React, Redux, PostgreSQL, Sequelize, Express, Node

---

## EXPERIENCE

### Dresden Public Relations

Rochester, NY

Intern

June 2016- August 2016

- Constructed social media content calendars to plan and create clients' social media posts on Facebook and Instagram ahead of time.
- Conducted in-depth analysis of clients' products to determine the products' attributes as well as any possible problems.
- Filmed organizations and edited footage using Final Cut Pro X to create informational videos for clients.

### CGI Communications

Rochester, NY

Production Intern

June 2015- August 2015

- Created 10-20 film scripts and storyboards a week for the promotion of various townships and businesses, with an emphasis on community outreach.
- Conducted in depth research on local communities and businesses resulting in multiple media marketing to attract new residents and tourists.
- Supported all production process including producing, filming and editing.

### AccuCoat Inc.

Rochester, NY

Production Worker

June 2014- August 2014

- Developed a video showcasing the new facility, that provided a virtual tour to update existing and prospective clientele using Photoshop and Final Cut Pro X.

---
